ELECTION MAY BE KNOCKED OUT IN MINNESOTA

Injunction Proceedings Are Instituted In That State

UP TO SUPREME COURT Case is Filed By Anti-Farmer Element It is Understood

St. Paul, June 5.—Injunction proceedings were instituted to stop the special election called for July 18 to fill the vacancy in the United States senate, caused by the death of Senator Knute Nelson. The move was made by the anti-farmer-labor forces. If the court sustains the move the way will be paved for Governor Preus to carry out his original plan of resigning and being named himself to the vacancy by Lieutenant Governor L. L. Collins, or the governor would hold onto his present office and appoint some other anti-farmer man. Either course would insure the national administration a vote in the senate next winter against the LaFollette group. Inasmuch as the balance of power in the next senate will be held by a dozen members, the new man from Minnesota becomes immensely important to the administration chiefs.

Governor Preus, following the death of Senator Nelson, was prepared to resign and accept the appointment from Lieutenant Governor Collins, claiming that he was the heir to Nelson's seat and was but carrying out the oft-expressed desire of the late senator. This raised such a storm of protest that Preus backed out and finally called a special primary for June 18 and a special election for July 16, entering the primary contest himself, along with 18 Republican aspirants, three Farmer-Laborites and two Democrats.

The air is full of rumors. One is that the Preus people have become alarmed at the Farmer-Labor sentiment since the primary was called, and that if court action can be secured knocking out the election, Preus can claim justification for his return to the original plan of taking the appointment himself.

The petition for an injunction was filed by Attorney Frank E. McAllister before Judge R. B. O'Brien of the Ramsey county district court. The action will be transferred later to the state supreme court.

The injunction is sought on the technical ground that Minnesota passed the direct primary election law weeks before the federal constitutional amendment was actually ratified and that there is no warrant in law in Minnesota for calling of a special election to determine by direct vote of the people. It is contended that either the governor must make the appointment to fill the vacancy or the legislature must be summoned in special session to rehash the direct primary law.

DR. H. E. FOSDICK RESIGNS PASTORATE

New York, June 5.—Rev. Dr. Harry Emerson Fosdick has tendered his resignation as pastor of the First Presbyterian Church because of the recent criticism of his pulpit utterances by the Presbyterian Assembly at Indianapolis, but the church had flatly refused to accept it, taking its stand flatly behind Dr. Fosdick, it is announced.

In Dr. Fosdick's letter of resignation, dated May 24, he wrote that while he had no reason or desire to resign, he felt it was best in the interest of church harmony to offer his resignation and leave it for the church to decide whether it wished to dispense with his services.

In tendering his resignation Dr. Fosdick said:

"I am very desirous that I shall never in any way be an obstacle to the best interests of the church. Those interests are paramount and to protect them I wish you to have my resignation in your hands so you may take action at any time."

The answering letter expressed regret that certain of Dr. Fosdick's utterances "divorced from their context and misrepresented" had provoked fears and protests from those who were not familiar with him.

BOXING BOUT POSTPONED.

Havana, June 5.—The boxing match between Louis Angel Firpo, Argentine heavyweight, and Italian Jack Herman has been postponed until next Sunday, June 10, it was officially announced. Due to heavy rains, the arena is under water.

LAW STUDENTS SET RECORD Columbus, O. June 5.—With last minute registrations bringing the total of 502, a record number of law students are taking the bar examination being given here today and tomorrow. The previous high record was made last year when 390 students took the examination.

ESTIMATE FIRE LOSS IN CANTON 500 THOUSAND

Three-Story Building In Heart of City Destroyed Early Tuesday

Canton, O., June 5.—Fire loss estimated at \$500,000 had been sustained by the Canton Hardware Company, when its big three story building in the heart of the business district was burning fiercely with no hope of saving. The blaze was discovered at six o'clock by a passing newsboy who ran to the central fire department just around the corner.

At that time the whole interior of the rear was a seething mass of flames, the blaze having started in the paint and oil department. All eight fire companies were called out to fight the blaze but all they could do was fight to confine the fire to the one building. The company has the largest hardware store in the city. Building and contents will be complete loss, the company not being able to save even its records.

Tourists Drawn To Exposition Of Artist's Belongings

Sarah Bernhardt's Collection to Be Sold at Public Auction

Paris, June 5.—The late Sarah Bernhardt's great gold mahogany bed with its royal canopy is drawing hundreds of American tourists to the exposition of the artist's belongings, which is being held prior to their public sale at the Georges Petit Galerie June 11, 12 and 13. The proceeds will be used to pay off debts against the estate.

Divine Sarah's stage jewelry makes a glittering display. Included are the decorations worn on her uniform as "L'Aiglon," the brilliant head ornaments worn in the role of "Cleopatra" as well as many rings and necklaces Madame Bernhardt always identified with the parts she played.

Curiously enough there is not a single genuine precious stone in the lot. Close friends of the actress explained that she was forced to sell her valuable jewelry during the last few years to pay her actual living expenses. Three pieces of sculpture by Bernhardt will be sold under the hammer. One is a masque in marble of Sarah's husband, Jacques De Malo. Another is a marble of her sister, Regina Bernhardt. The bird statue, also in marble, is a group of three figures entitled "After the Tempest."

Mme. Bernhardt was passionately fond of collecting Venetian glass and this collection from an artistic standpoint is probably the most valuable of the lot.

PLANS FOR HARDING TRIP COMPLETED

Washington, June 5.—Plans for President Harding's long trip to the west and Alaska were gone over finally at the White House today between the President and Walter F. Brown, of Ohio; Claudius H. Huston, of Tennessee, and navy officials, who are making the actual arrangements.

Announcement of the definite itinerary will be made in a few days as soon as the President has had an opportunity to approve a few details yet undecided.

PRISONERS PARDONED.

Columbus, June 5.—Governor Donahay pardoned three Cleveland men, sent up 15 months ago for robbery, the sentence being 10 to 25 years in each instance. The pardon was made on recommendation of the trial judge, prosecuting attorney, one of the victims and others. The men were shown to have been out of work, their families starving, and they stole purses without intent of violence to the victims in order to obtain money to buy food for their families.

GEORGE GOULD'S ESTATE.

Toms River, N. J., June 5.—Except for \$25,000 bequeathed to five estranged employees, the millions of George J. Gould, former railroad king, will be distributed to members of his family. Four million dollars is set aside from his personal estate, estimated to be worth \$20,000,000, for the benefit of his widow, Guinevere Sinclair Gould, and her two children.

SUGAR HEARING SET.

Washington, June 5.—The supreme court set Nov. 12 as the date for hearing arguments on the government's suit to enjoin the operations of the New York Coffee and Sugar Exchange, charged with being responsible for the high sugar prices.

McKenna to Strengthen Baldwin Regime

Stanley Baldwin

Reginald McKenna

The appointment of Reginald McKenna by Premier Stanley Baldwin of England, to be Chancellor of the Exchequer in the new Cabinet has furnished a surprise and is regarded as a shrewd move by Baldwin in his efforts to strengthen the stability of his Government. The Premier himself will retain his former office as Chancellor for a few months until Mr. McKenna has sufficiently recovered from a recent illness to assume his duties. Baldwin also is the new leader of the Conservative Party.

SIX HAVE NARROW ESCAPE FROM DEATH

Toledo, O., June 5.—Six Toledoans narrowly escaped drowning when their auto plunged over an embankment of the canal near Waterville today. Two girls were rescued from the water by the three men occupants of the car. Another girl escaped by leaping before the machine struck the water.

James Evanoff, driver of the machine, states in attempting to turn around on the road, he lost control of the machine and the auto slipped into the canal. The car was completely submerged in the water.

WON VET'S HEART BY KNITTING SOX

Chicago, June 5.—A pair of woolen socks knitted during the war by Miss Lotta Fisher, of this city, for "some American soldier over there" brought the fair donor a husband.

When she was sending them away Miss Fisher placed a slip of paper bearing her name and address, in the toe of one of the socks.

Over in France, according to Edward Colfer, the groom, a lonesome soldier was sitting in a K. of C. hut in a chair before a fire.

The secretary approached.

"You're an American, he said to the Yank—"I think this means you' With that he handed Colfer a package addressed "to some American soldier."

Colfer found the name and address and a correspondence began which culminated in a wedding at St. Agatha's Church here.

MATRON OF GIRLS' SCHOOL DISMISSED

Columbus, O., June 5.—Mrs. Mae E. Stannard, chief matron of the Girls' Industrial school, Delaware, today was removed by State Welfare Director Farber on charges including alleged incompetency, inefficiency, extravagance and cruel and abusive treatment of girls.

CAPTAIN'S BODY FOUND.

Vineyard Haven, Mass., June 5.—Hope for the crew of the sloop Natalie, which has been missing since February, was abandoned after the finding of the body of its captain, Patrick Kelley, off Oak Bluffs. The sloop landed a catch of fish at Newport, R. I., early in February and has not been seen since.

MORMON COLONY LIKELY.

Marion, O., June 5.—President E. Grant of the Mormon church of America and other Mormon officials are negotiating for the purchase of a large tract of land near Urbana by the Mormon church from Marion county capitalists. President Grant was accompanied by Professor Holden of Chicago and Elder D. D. Bailey of Utah, but none would talk for publication concerning the proposed purchase of the Champaign county land.

SEVERAL FIRMS WILL OPERATE BOARD'S FLEET

Efforts to Sell Ships Futile
—New Plan Suggested

Washington, June 5.—The organization of several companies to operate under the ownership and control of the United States shipping board, for the purpose of covering the trade routes of the world, was decided upon at a meeting of shipping board officials.

Convinced that all efforts to sell the vessels belonging to the shipping board will be futile, as only three or four bids for routes not now operated by the government remain to be examined, Chairman Lasker and his fellow commissioners adopted the following resolution:

"Resolved, that a committee consisting of the chairman of the shipping board, the vice chairman (T. V. O'Connor) and Commissioner Frederick L. Thompson, prepare a plan to be submitted to the shipping board, with a view to the formation of such companies or organizations, to be owned and controlled by the shipping board, as it may ascertain to be necessary for the purpose of operating sufficient vessels to cover fully world trade routes under the American flag consonant with the greatest possible economy and efficiency in direct government operation."

Chairman Lasker's resignation from the shipping board will take effect June 12, when he will be succeeded by Edward P. Farley. This will make Mr. Farley chairman of the committee created by the resolution, and which will be charged with the duty of determining how many companies shall be organized and over which routes they shall operate.

The shipping board statement announcing the resignation states that until the new plan of operation can be put into effect the present system shall be continued and vessels handled through managing agents.

While the statement gives no information of the number of companies to be organized, it is learned on good authority that individual members of the committee contemplate recommending the establishment of about 12 lines. Shipping board officials believe that by covering each great world trade route by individual lines, operated by individual companies, greater efficiency and economy can be secured. The officials of each company will be ample to adapt themselves to the peculiar conditions of their own trade route much better, it is expected, than is possible under the existing system of management.

Toledo, O., June 5.—The conference for the recognition of Mexico went into its second and probably final phase with the discussion of practical means for removing existing differences. Both governments announced they had completed their statements of views and that they believed these were close together in principle and in fact. They will take up immediately the practical side of finances of the agrarian lands expropriated. When this is disposed of and the agreement may come this week, the conference will be nearing its conclusion.

It is believed that the agreement reached between the two governments will be contained in formal notes exchanged between the United States and Mexico. These notes will contain a record of what has been done, and will, no doubt, extend recognition to the government of President Obregon.

The first of these machines to be built is a triplane and is known as The Possum. It has a single 450-horsepower Napier Lion engine, driving two air-screws, one on each side of the fuselage. Its tests are in the hands of Norman Macmillan, who is shortly to attempt a round-the-world flight.

The second machine, called the Edmin, is now finally erected at Norwich Aerodrome. It is on a far more ambitious scale than the Possum.

In its central engine room it has two Napier Lion engines, each driving two air-screws, making four in all. The machine can be kept in flight by either engine, although both are required to take it into the air.

Thus, if trouble occurs to either engine while in flight, the machine can carry on at reduced speed while the other Napier is being repaired.

It is considered that the ideal postal machine will have three engines and will fly normally on two. This type is being investigated for the big trunk mail line from London to India and Australia.

MANY PRISONERS SEEK PAROLE.

Columbus, June 5.—The state board of pardons and paroles, which is in session today, is considering 198 applications. This is the largest number which has been up at any one meeting in several years. The rush is caused by prisoners who are anxious to have their cases heard before the present board goes out of office on July 16. Next week the board goes to the Mansfield reformatory, where 199 cases, or one more than the previous year, will be up for consideration.

SPIRIT SHOWN BY FRATERNITY IS WORLD NEED

Harding In Address to Shrine Convention Lauds Standards.

MUST BE JUST President Says Organizations Must Stay Within the Law

Washington, June 5.—A wish that the spirit of fraternity that is embodied and taught in the "lodges" of America might be transplanted in all the nations of the world, was uttered here today by President Harding, in an address of welcome to the imperial council of the Shrine convention.

"I wish somehow," said the president, "that we could have fraternity among nations, as it is taught in America." He does not mean to employ sign grip and password, which afford an appealing mystery to our relationship, but the insistent demand for just dealing, the respect of the right of others and the ideals of brotherhood recited in the golden rule, and the righteous fellowship relationship which every man knows his God approves.

"Under such a reign of fraternity, cruel, inhuman warfare would never come again."

The President wore the red fez of the Shriners as he spoke, surrounded by the Council, gay in their colorful trappings of Shrinedom. His hearers were limited to those of the imperial council, meeting in a downtown theatre. He had just finished reviewing 25,000 Shriners in one of the most colorful parades ever staged on historic Pennsylvania Avenue.

Without mentioning names, but with a significance that was not lost upon his hearers, the President declared that fraternities must be just in order to survive, also he declared they must stay within the bounds of law.

"Secret fraternity is one thing," he said, "secret conspiracy is another."

"I will have said enough if I suggest that men lose their right of fraternal hearing when they transgress the law of the land."

"I like the highly purposed fraternity because it is our assurance against menacing organization. In the very naturalness of association, men band together for mischief, to exert misguided zeal, to vent unreasoning malice, to undermine our institutions."

"This isn't fraternity, this is conspiracy. It is organized destruction. This is not brotherhood, it is the discord of loyalty and danger to the republic."

"But so long as twenty millions of Americans are teaching loyalty to the flag, the cherishment of our inherited institutions and due regard for constitutional authority and the love of liberty under the law, we may be assured the future is secure."

Twenty five thousand Nobles of the Mystic Shrine passed in review before Noble Warren G. Harding of Aladdin temple, Columbus, Ohio, here this morning, in one of the greatest and most colorful parades that ever marched down historic Pennsylvania Ave.

For three solid hours, the wearers of the red fez passed down the avenue from the capital to the White House to the Garden of Allah, where the president, Sunny Jim McCandless the order's imperial potentate held forth.

One hundred and ten bands kept the nobles in step.

Sixty drum corps filled in the military interims, and seventy-five glee clubs raised their voices in praise of the shrine, the president and the national capital.

The parade of the Shriners more than anything else resembled the rainbow. Each of the 40 temples presented a slightly different color arrangement in their uniforms, but all were alike in that they presented the brightest and most vivid colors.

Conservative estimate placed Washington's guests at 200,000 up to this morning with a continuous stream still flowing in, and with this number added to the city's population, estimated at something like 475,000, the capital is pretty well crowded.

ASK EXPLANATION OF OHIO GOVERNOR

Columbus, O., June 5.—The Columbus Academy of Medicine has decided to ask Governor Donahay and Attorney Crabb for an explanation of their action of last week in recommending that Scioto county officials allow a Portsmouth chiropractor held in the county jail for practicing without a license to treat a child who had been his patient.

SAYS PLAYGROUNDS BEST WAY TO END CRIME TENDENCY

"The only way to stop crime is to prevent men from becoming crooks and there is no prevention so great as properly supervised playgrounds," Dr. H. M. Kellogg, superintendent of the Reformatory at Mansfield, told an audience at a meeting at City Hall Theater Monday night under the auspices of the Community Recreation Association.

From the standpoint of an official familiar with youths who have gone astray and the causes of their downfall, Dr. Kellogg talked for nearly an hour on the value of public recreational centers and particularly their corrective virtue in minimizing crime among young boys.

"The playground is the safety valve for childhood," said Dr. Kellogg. "It is not recreation but help. Every child has a right to it—a right as sacred as life itself. We are coming to see it. We men have been stupid in that matter but the women are getting our eyes opened. It is the developing—the unfolding of every part of the body."

Dr. Kellogg referred to the successful results of the Red Cross demonstration in Mansfield, selected as an average city for that organization to attempt reclamation work among children. The crime matter, he said, is enormous, almost 500,000 men coming out of the penitentiaries and reformatories in America last year.

"This is an army that we threw into the waste basket last year," he said, "because we create and develop socially criminals. We are not getting rid of crime by putting them in prison. The only way to stop crime is to prevent men from becoming crooks. Many youths steeped in crime—most of them from Lancaster, come to my institution." Here Dr. Kellogg declared forcibly that the Lancaster institution should be abolished.

"They send them to Lancaster because you don't take care of them at home. It is so much easier for a community to shift this responsibility on the state," he said. "There is no prevention so great as the playground. The boy goes wrong in his recreation. The home can go just so far and unless the community can go to the support of the home, we're gone."

Dr. Kellogg's address followed an interesting talk by Mrs. C. Mitchell Tallafro, N. Galloway St., who also made a striking appeal for the success of the movement now being projected to give Xenia a system of playgrounds and supervised play. "Your responsibility is too great to let the opportunity slip," she said, in closing. "Keep in mind your responsibility to your children, your neighbor's children, your God and your country."

E. M. Woodward, chairman of the Community Recreation Association, was in charge of the meeting. Music was furnished by Dr. A. B. Kester's Xenia Orchestra and the audience sang a number of songs from words distributed in the audience. A motion picture film provided by Frank H. Young of the Playground and Recreation Association of America who is directing the campaign here, was presented and was followed by an address by Mr. Young.

"I am here to help you and your children," said Mr. Young, "as a part of a national philanthropic organization, giving more than we ever receive and with one object in view—a better American citizenship. I will do all I can. You can help the community yourself!" Mr. Young explained that he came here at the invitation of a group of 20 Xenia men and women forwarded to the national headquarters of his organization.

The Rev. W. H. Tilford, pastor of the First Presbyterian Church and chairman of the program committee of the present campaign, introduced the enrollment cards and practically every person present signed one. "I believe in Xenia," said the Rev. Mr. Tilford. "I have hopes for a better Xenia. We are backing this play time movement because we expect it to supplement the work of the church in making a better citizen. Four boys went to Lancaster last year. I feel partly responsible for those boys because I did not do anything in a recreational way to keep them out of mischief. Let us keep others from this like fate. Let us get together for a better, a happier, a healthier and fun Xenia."

ANTIOCH LOSES AGAIN

Antioch College baseball team lost to the Wilberforce University nine at Yellow Springs Monday afternoon 26 to 8.

Antioch was out hit and outplayed

and gave little semblance of the performance it exhibited during the early part of the season. Wilberforce scored two runs in the first inning and led the contest in the second stanza with eight tallies. From then on the game was a field meet.

The colored athletes accomplished

a trick that as far as organized baseball is concerned has only been accom

plished five times in league history,

that of scoring one or more

runs in every inning. As Wilberforce

did not finish the last inning the

SPLENDID PROGRAM AT MISSIONARY MEETING

Forty members of the Second Auxiliary of the Woman's Home Missionary Society of the First M. E. Church, were received at the home of Mrs. Roy Spahr on East Third Street Monday evening.

The devotional exercises were in charge of Mrs. Carrie D. Geyer, the program of the evening being in the hands of Mrs. Elton Smith. Two clever playlets were given by members of the society, followed by the report of the district convention, held at Springfield last week, given by Mrs. Garland Washburn and Mrs. Elton Smith.

An election of officers resulted in Mrs. C. P. Marsh, being appointed president; Mrs. E. B. Lauman, first vice-president; Miss Edith Neeld, second vice-president; Miss Leona Keller recording secretary; Miss Cora Williams, corresponding secretary; Mrs. Lena Chambliss, treasurer; Miss Helen Jones, assistant treasurer, Mrs. Charles Riddell, literary secretary and Mrs. E. R. Richards, mite box secretary.

INTERESTING TALK GIVEN BEFORE WOMEN'S BIBLE CLASS.

The quarterly meeting of the Women's Bible Class, of the First U. P. Church, taught by Mr. Frank Dean was held at the home of Mrs. Emma Magruder on North Detroit Street, Monday afternoon.

Mrs. George Wheeler presided at the meeting, the devotional exercises being in charge of Mrs. Adda Bailey. After a short business meeting, Miss Mary Ervin' world and national secretary of the L. T. L. of the W. C. T. U., occupied an hour.

She gave a vivid account of her recent seven week's tour in the New England states, principally Massachusetts, Connecticut and New Jersey. During her tour she spoke two and three times each day in fifty of the largest cities in the east. She was cordially received everywhere, and was greatly encouraged in her work. Miss Ervin also gave a graphic story of her visit to historical points, and combined amusement with instruction in her talk.

Cooling refreshments were served by Mrs. Magruder, the hostess, at the close of the meeting assisted by Mrs. Charles Ervin, Mrs. W. J. Cherry and Mrs. Jean Davidson Keeler.

TRINITY QUEEN ESTHERS HOLD "PROGRESSIVE PARTY"

Twenty-two young girls, members of the Queen Esther Society of Trinity M. E. Church held a "progressive supper" Monday night. The group was first entertained at the home of Mrs. Frank Bickett, where a lawn party was enjoyed. The girls then adjourned to the home of Miss Katherine Eckerle' where a program on "Indian and Alaskan Missionary Work" was held. After the program an election of officers was held, Miss Henrietta Monroe, being elected president; Miss Jane Hayward, vice-president; Miss Elizabeth Bickett, treasurer; Miss Louise Hunt, corresponding secretary, and Miss Elizabeth Bales, recording secretary.

OFFICERS OF LAL BAGH SOCIETY ELECTED MONDAY

Mrs. John Ary was elected president of the Lal Bagh Missionary Society of Trinity M. E. Church, at the meeting held at the home of Mrs. William M. Wilson, on North King Street, Monday evening. Mrs. Clara Reutlinger was elected vice president; Mrs. Lester Buell, secretary, and Mrs. Wilson Street, treasurer.

An interesting feature of the meeting was a talk by Mrs. D. W. Cosley, concerning her trip to Honolulu last year. Many vivid accounts of the island were given by Mrs. Cosley, who was well received by the members of the society.

Refreshments were served by Mrs. Wilson, assisted by Miss Stella Bishop and Miss Etta Willkins.

RECENT BRIDE HONORED AT SHOWER

Mrs. Pearl Linton and Miss Gladys Bales, were hostesses at a miscellaneous shower, given in honor of Mrs. Howard Pickering (Edith Bales) of Paintersville, Thursday afternoon at the home of Miss Bales.

About eighty friends and relatives were present, and spent the afternoon enjoying music and writing recipes for the bride. Many beautiful gifts of silver, china, cut glass, and aluminum were received by Mrs. Pickering.

Decorations of pink and white were used the colors being carried out in the refreshment course.

GIVEN SURPRISE BY FRIENDS ON BIRTHDAY.

A company of twenty friends of Mrs. E. E. Lightisher, arranged an enjoyable surprise at her home on South Monroe Street, on the occasion of her birthday, Monday evening.

The guest called and presented Mrs. Lightisher with useful gifts, and spent the evening enjoying an informal social time, on the veranda and lawn. A refreshment course was served.

FORMER XENIAN TO BE MARRIED SOON.

Xenians will be interested in the announcement of the approaching marriage of Mr. George Percival Read of Pittsburgh, Pennsylvania, to Miss Eleanor Ruth Byers, of Pittsburgh, which will be solemnized at noon, Wednesday, June 20, at the First Baptist Church, Van Wert, Ohio, the bridegroom's father, the Rev. "One of the most difficult features

"I am entirely sympathetic when some woman who, past fifty, has the good sense and the taste to wish to avoid the 'flapper' fashions, but when she insists on a round neck or a in the face of all the world wearing the Jenny neckline, or she will insist on the belted normal waistline—not, mind you, because it is the more becoming or is an expression of her particular individuality in any way, but merely because she has not the

THE SPIRIT THAT BUILDS CITIES.

Nearly two years ago about two dozen Titusville, Florida, business men organized a luncheon club. Once each week they would meet at lunch and talk over their business and the welfare of Titusville.

It was not very long before this luncheon club decided it would be advantageous to become a Rotary club. Accordingly they made application for a charter in Rotary International. Rotary officials investigated and turned them down flat. "Titusville," they said, "is too small to have a Rotary club."

This was discouraging but the members of the Titusville luncheon club were not the kind of men who give up at the first obstacle they meet. They kept plugging away, holding their regular meetings and doing those things which Rotary clubs are supposed to do. They met with great success in their boys work and in other undertakings.

This Titusville club was presented with a charter in Rotary International, and the president of the new Rotary club, W. B. Dobson, in one brief sentence told how they secured the charter: "They told us Titusville was too small for a Rotary club," he said, "and we just went out and made Titusville big enough."

They had something to do and they did it. That's the spirit that builds cities wherever there are cities. Organization and co-operation will work wonders anywhere. Add to that determination to work and never give up until the object desired is accomplished and the combination is unbeatable.

THE IMPRISONED I. W. W.

From the New York Herald.—Fifty-three Industrial Workers of the World are imprisoned in the Federal penitentiary at Leavenworth, Kansas, for conspiracy to violate the espionage act while the United States was at war. They have been represented to the public as "political prisoners" who were prosecuted and punished because of the opinions they held and because of their expression of those opinions and not because of criminal acts as such acts are generally understood.

A widespread and intelligently directed campaign has been carried on in their behalf, and by many persons who have no sympathy with disloyalty have been induced to work for their freedom on the ground that they are unjustly confined. In fact, these fifty-three Industrial Workers of the World are by way of becoming martyrs.

These circumstances give a peculiar value to the clear and unprejudiced statement of the facts in the case of these prisoners made in a letter sent to President Harding by Judge Alton B. Parker, president of the National Civic Federation. This letter is based on the report of an original investigation made by the federation and it discloses the facts as they are in opposition to the myths that sentimentalists, radicals, near revolutionists and parlor reds have set afloat.

It is not the truth that these enemies of the nation are in prison merely because they expressed opinions; they are under lock and bolt because in their conspiracy to hamstring the country in the war they committed overt acts in violation of the law.

It is not the truth that they were tried in an atmosphere charged with prejudice; on the contrary, their rights were carefully protected during their trial. On their innocence of the charges against them being shown a number of the accused were released during its progress.

The National Civic Federation brings out one point which has been generally overlooked. It is that the reason the majority of the prisoners are still in the penitentiary is, in Judge Parker's words, that they "refuse to surrender their intention to undermine and destroy the peace and order of the community."

Judge Parker's temperate recital of the facts concerning the Industrial Workers of the World still in prison should clear away the obscurities and misunderstandings which misrepresentations have created in the minds of persons who want only justice, but want that justice for all. The imprisoned Industrial Workers of the World were sent to cells because they tried to destroy the government. When this is understood the attitude of President Harding in refusing to grant to these men the clemency their supporters seek for them will be understood and heartily approved by all patriotic Americans.

ANSWERED LETTERS

M. A. R.—The powders you have used must have contained something that disagreed with your very sensitive skin. Another time try plain rice flour without either a scent or coloring.

Troubled—A skilful chiropodist may be able to cure the bunion, as you are still so very young. There is very little that can be done if a bunion is allowed to grow for any time other than to relieve it from pressure and paint it with iodine whenever there is any soreness.

A Reader—Unless a corset or a girdle is needed to improve the appearance of the figure, there should be no reason why it should be worn.

Peggy—A girl of 15, five feet three inches, should weigh 110 pounds, the one who is an inch taller, at 18 years, should weigh 115 pounds.

The Chicago Hoy—The best hair brushes are those with the bristles about an inch long and not woven too closely together. You seem to have a mistaken idea about removing dandruff from the scalp. Scraping it off by means of either a comb or a very stiff brush will only irritate the scalp and make it more unhealthy than if you left the dandruff alone.

Massage crude or olive oil into scalp some hours before shampoo (over night would be best) and when you shampoo the dandruff will be dislodged without any further effort. This oil treatment should also cure the tendency to dandruff.

Lassie—if the lump on the back of your neck fit you can get rid of it by massaging it.

Sal—When the hair splits on the ends and is also losing its color, you will generally find that the scalp is not secreting healthfully. Massage not improve this condition, aided by use of a good hair tonic several times each week.

Worried Ann—I will be glad to mail you a formula for freckles if you request it, but it cannot be printed at this time.

Motherless Girl—A girl of 19 years, who is six feet and a half inch tall, is not overweight at 132 pounds. It

would injure your hair and look artificial if you dyed the part that had become sunburned; moreover, you probably could not make it match the natural shade anyway.

Espanol—The preparations made from honey and almond are usually satisfactory for keeping the hands soft and white. The woman who eliminated sugar from her diet and did not lose weight may have eaten many other things that she should not; for instance, too much starch and fats. Agar or just plain bran taken with the meals will help to keep the system cleared.

Fat—if would take too much space to print a diet for reduction, but I will mail one if requested.

There is an X-ray treatment for goiter, but it should not be allowed to become serious before being cared for in this way.

Mrs. W. E. A.—Consult your doctor about the condition of your scalp.

Today's Talk

WHEN IT'S DARK

When darkness begins to hover over an ending day and the stars begin to flicker like freshly lighted candles in a large room, how our thoughts soften and our restless spirits reach out for quiet comfort.

Wonderful as is the light, it does seem as though the darkness were necessary that we might fully appreciate the light.

And so the night comes—with stars, so that we may not be wholly alone and lonely.

But sometimes it is so dark that we have to put our hands out in front of us not to stumble and fall. We may not even be able to see as far as our hands reach—yet by the very fact that we are able to reach we are assured, in the same manner as when we place our hand in the hand of one we love and feel that we are understood.

The child doesn't worry so long as its tiny finger may clasp the larger, rougher hand that leads it.

When it's dark we look up. There is nothing to inspire one by looking down after dark. And so we talk to the stars and play in blue fields of the night sky.

What a change comes over the world when it's dark! Even the leaves of the tree droop and the flowers take their beauty nap.

But when it's dark, we are sober, so that we can see clearer into our hearts and into the hearts of others. At such a time the noise of the day is stilled and we are led by an unseen friend into the library of life where its books are explained and its lessons made plain.

We are all very ignorant in some ways. Much of our days is veiled in darkness. But when it's dark, we feel the need of light the most!

GREENE COUNTY TO SELL ITS SHARE OF HOSPITAL TO CLARK

Unwillingness of Madison County Commissioners to sell that county's share in the District Tuberculosis Hospital at Springfield to Clark County, will not hold up the proposed sale of the other counties' interests, it is said here.

Following a meeting in Springfield last Thursday Greene County Commissioners voted Friday to sell this county's share in the district hospital to Clark County and similar action was taken by Madison and Champaign Counties, the other counties in the district. Since that decision was reached Madison County Commissioners have expressed themselves as unwilling to assume the responsibility of selling that county's share without the consent of the voters and taxayers.

According to Prosecuting Attorney H. H. Crabbe of Madison County, county officials there are planning a meeting of citizens at London at which the sanction of the taxpayers will be asked before that County takes definite action on the agreement to sell. Other Counties have taken the action to sell under the proviso that such a sale would be legal and that there would be no objection from health authorities.

Prosecutor Crabbe of Madison County has held that patients now in the hospital from the Counties that are proposing to sell could be taken care of elsewhere and that money derived from the sale might be used for county hospital projects or health programs. Greene County Commissioners have been advised that Clark County Commissioners will agree to buy the holdings of outstanding counties although the board there has not reached a definite agreement to buy.

If Clark County Commissioners vote to buy the interests of Champaign, Greene and Madison Counties, and these counties are willing to sell, a board of appraisers will then be appointed to appraise the property and fix the amounts due each County from Clark County, the buyer.

Proposal of the counties to sell out to Clark County has grown out of financial difficulties of the hospital, unwillingness of some counties to pay their share of support, and an investigation which showed the institution to be in need of improvements. The Eagles Lodge has been backing a movement for a bond issue over the district to provide the necessary improvements and retain the hospital but counties outside of Clark are said to be unwilling to put further money into the institution.

Russell Kent Jones

Russell Kent Jones, infant son of Marion R., and Lucy K. Glenn Jones, was born in Xenia, Ohio, August 29, 1921, departed this life, May 21, 1923, aged 1 year 8 months and 22 days.

He leaves to mourn their loss, Father, Mother and one sister Norma Eileen, grandparents and a host of near relatives.

Being just a baby of only a few months, his life can be fittingly compared as a "Ray of Sunlight" brightening the home to which he came.

With the fondest hopes and expectations as of all loving parents for their children, this bereavement has come as a crash in this little home.

But, God, the Divine Giver of every good and perfect gift has deemed it best to claim his own and has added another jewel to his Heavenly Kingdom.

It isn't always given for us to understand the Will of God, but we are taught in His Word, that if we have an abiding Faith, we have the Hope and promise of an Eternal Life.

Dear parents as you look upon your precious little boy's face for the last time, may you feel in your hearts this yearning hope for a reunion in the Eternal Home where he has gone, and with beautiful baby hands is beckoning your coming to where all is peace and joy, and where grief and

Toledo Woman After Taking Dr. Thacher's Liver and Blood Syrup Feels Well and Strong for First Time in Three Years.

"It's a joy to feel well and strong again," said Mrs. George Taylor, of 424 Avondale Avenue, Toledo, recently.

"I eat and sleep like a normal woman for the first time in three years. No one knows how happy I feel now that aches and pains are gone and I have the hopes of a new life."

"I had indigestion and constipation so bad that I was upset all the time and couldn't rest for a painful bloating feeling caused by food souring on my stomach. My liver was out of order and I was constipated, bilious, tired worn out because I could never get restful sleep and I suffered from backache and kept falling off in weight. I was very nervous and worried and a friend told me that it would take years to make me well."

"I read one day about how others had taken Dr. Thacher's Liver and Blood Syrup and it seemed to be just the thing I needed. I improved on the first bottle, and now after taking four I am well. It is the most pleasant tonic I ever tried and I believe it is wonderful when you need something to purify the blood and cleanse the system."

SWALLOWS POISON NEAR RESIDENCE—MAN NEAR DEATH

Creighton Case, 36, of Hudson Avenue, is not expected to live after drinking a quantity of carbolic acid, Monday evening.

In the meantime, Case, who was arrested by police Monday night on an affidavit sworn out by Thorne Andrews, chief of police at the Hooven and Allison Company charging him with disorderly conduct, was released Tuesday morning by Chief of Police M. E. Graham and taken to the Hudson Avenue address.

Case is believed to have swallowed almost an ounce of the poison while sitting in an automobile near the room where he roomed, about 7:30 o'clock Monday evening and the alleged attempted suicide was not discovered until some time later. Dr. J. R. Moore, 321 East Market Street, was called and in the meantime first aid remedies were applied, but little hope is held for his recovery.

Case rallied Monday night when he was arrested on the affidavit charging him with disorderly conduct and was locked up at Police Headquarters under the belief that he was recovering from the effects of the poison. When his condition appeared serious Tuesday morning Dr. Paul D. Espy was summoned, and afterward Case was removed to his home.

Friends can attribute no cause for the act, police were told. Case is employed in one of the rope mills and is said to have engaged in an altercation with a fellow employee Monday during which he is said to have drawn a revolver, which led to the disorderly conduct charge being filed against him. Friends do not believe the disturbance caused him to attempt suicide.

Case is single and has been rooming at the Hudson Avenue address for more than a year.

Bride Reader—"Is it all right to wash my bird's-eye maple dressing table with luke-warm water and a good white soap?"
Answer—Yes, a good varnished finished may be cleaned in this way—although it is safer to add one tablespoon of turpentine and three tablespoons of linseed oil to every quart of the warm water you use. These fluids, mixed with the water, feed the varnish and prevent dryness and cracking. Change for a clean solution as often as it becomes solid, and wipe dry with a clean cloth.

A Hard Worker—"The varnish on my hardwood floors is in dreadful condition. My husband and I wish to remove it and put on a good spar varnish. But the commercial varnish-removers cost so much and we are wondering if there isn't anything cheaper that we can use."

Answer—Either potash or washing soda solution will remove varnish and paint. These fluids are very caustic and injure the skin of the hands. To work with either of them, have the room well aired. Also cover your nose and mouth with a folded, dampened handkerchief. Leave the room while the varnish is softening. When it is soft, it may be removed by hot water put on and taken off with a mop and mop wringer (the hands cannot be used to wring the mop, as no glove will resist the caustic). To use the washing soda, dissolve one pound of it in five quarts of boiling water. To use the potash, dissolve one pound of it in six quarts of cold water.

Fancy Worker—"I have heard about Umbrella Drop Lights. Can you describe one as I have never seen one?"

Answer—The Umbrella Drop Light Shades are much used in children's rooms. They delight the little ones. Make the shade of pink watered silk over a wire umbrella-shaped frame (this balances on the bulb). The wood standard (into the top of which the bulb is screwed), is wound with green satin all the way down, but at the bottom it is padded with cotton and the cotton covered with more of the green satin (to represent a green mossy bank). A small dressed doll is sewed onto this bank beneath the umbrella, in a sitting position.

HONOR BRINGS "HAMMER SLAYER" BACK

Mrs. Clara Phillips

Clara Phillips, alleged California "shamer" murderer, brought back to this country from Honduras to stand trial for the slaying of Alberta Meadows, has sacrificed her freedom for her honor, she declared. "I know people won't believe it," she sobbed, "but I am returning to life in a grim prison because I

thought more of my honor than of my freedom."

A high Honduran official, she added, had offered her freedom and safety if she would consent to become the mistress of his palatial mansion. She told him that she would rather be in a prison cell in America. The "tiger woman" is confident of proving her innocence.

SAYS PLAYGROUNDS BEST WAY TO END CRIME TENDENCY

"The only way to stop crime is to prevent men from becoming crooks and there is no prevention so great as properly supervised playgrounds," Dr. H. M. Kellogg, superintendent of the Reformatory at Mansfield, told an audience at a meeting at City Hall Theater Monday night under the auspices of the Community Recreation Association.

From the standpoint of an official familiar with youths who have gone astray and the causes of their downfall, Dr. Kellogg talked for nearly an hour on the value of public recreational centers and particularly their corrective virtue in minimizing the crime among young boys.

"The playground is the safety valve for childhood," said Dr. Kellogg. "It is not recreation but help. Every child has a right to it—a right as sacred as life itself. We are coming to see it. We men have been stupid in that matter but the women are getting their eyes opened. It is the developing—the unfolding of every part of the body."

Dr. Kellogg referred to the successful results of the Red Cross demonstration in Mansfield, selected as an average city for that organization to attempt reclamation work among children. The crime matter, he said, is enormous, almost 500,000 men coming out of the penitentiaries and reformatories in America last year.

"This is an army that we threw into the waste basket last year," he said, "because we create and develop so-called criminals. We are not getting rid of crime by putting them in prison. The only way to stop crime is to prevent men from becoming crooks. Many youths steeped in crime—most of them from Lancaster, come to my institution." Here Dr. Kellogg declared forcibly that the Lancaster institution should be abolished.

"They send them to Lancaster because you don't take care of them at home. It is so much easier for a community to shift this responsibility on the state," he said. "There is no prevention so great as the playground. The boy goes wrong in his recreation. The home can go just so far and unless the community can go to the support of the home, we're gone."

Dr. Kellogg's address followed an interesting talk by Mrs. C. Mitchell Tallaferro, N. Galloway St., who also made a striking appeal for the success of the movement now being projected to give Xenia a system of play grounds and supervised play. "Your responsibility is too great to let the opportunity slip," she said, in closing. "Keep in mind your responsibility to your children, your neighbor's children, your God and your country."

E. M. Woodward, chairman of the Community Recreation Association, was in charge of the meeting. Music was furnished by Dr. A. B. Kester's Xenia Orchestra and the audience sang a number of songs from words distributed in the audience. A motion picture film provided by Frank H. Young of the Playground and Recreation Association of America who is directing the campaign here, was presented and was followed by an address by Mr. Young.

"I am here to help you and your children" said Mr. Young, "as a part of a national philanthropic organization, giving more than we ever receive and with one object in view—a better American citizenship. I will do all I can. You can help the community yourself." Mr. Young explained that he came here at the invitation of a group of 20 Xenia men and women forwarded to the national headquarters of his organization.

The Rev. W. H. Tilford, pastor of the First Presbyterian Church and chairman of the program committee of the present campaign, introduced the enrollment cards and practically every person present signed one. "I believe in Xenia," said the Rev. Mr. Tilford. "I have hopes for a better Xenia. We are backing this play movement because we expect it to supplement the work of the church in making a better citizen. Four boys went to Lancaster last year. I feel partly responsible for those boys because I did not do anything in a recreational way to keep them out of mischief. Let us keep others from this like fate. Let us get together for a better, a happier, a healthier and funnier Xenia."

ANTIACH LOSES AGAIN

Antiach College baseball team lost to the Wilberforce University nine at Yellow Springs Monday afternoon to 8.

Antiach was out hit and outplayed and gave little semblance of the performance it exhibited during the early part of the season. Wilberforce scored two runs in the first inning and tied the contest in the second stanza with eight tallies. From then on the game was a field meet.

The colored athletes accomplished a trick that as far as organized baseball is concerned has only been accomplished five times in league history, that of scoring one or more runs in every inning. As Wilberforce did not finish the last inning the team came within an inning of duplicating the feat of the New York Giants last week in scoring in every stanza.

The score R. H. E.
Wilberforce .26 16 3
Antiach .8 10 6

Batteries: Wilberforce—Iron and Huff; Antiach—Purmont, Belmont Treleaven and Douglas.

Antiach Tennis Stars Win

While Antiach College baseball team was losing to Wilberforce University, the Antiach tennis teams turned the tables by defeating the net stars from the colored school 5 to 1 Monday afternoon.

Gleason of Antiach defeated Ginn of Wilberforce 6-4 and 6-0; Strong, Antiach defeated Lewis, of Wilberforce, 6-1, 6-1; Phillips, Antiach, defeated Banty, Wilberforce, 6-0, 6-0 and Weston, Antiach defeated Striges, Wilberforce, 12-10 and 6-2.

In the doubles Phillips and Strong of Antiach defeated Ginn and Tarnell 8-6 and 6-2, while Striges and Clark of Wilberforce defeated Gleason and Weston of Antiach 6-2, 0-6 and 6-3.

SPLENDID PROGRAM AT MISSIONARY MEETING

Forty members of the Second Auxiliary of the Woman's Home-Missionary Society of the First M. E. Church, were received at the home of Mrs. Roy Sphar on East Third Street Monday evening. The devotional exercises were in charge of Mrs. Carrie D. Geyer, the program of the evening being in the hands of Mrs. Elton Smith. Two clever playlets were given by members of the society, followed by the report of the district convention, held at Springfield last week, given by Mrs. Garland Washburn and Mrs. Elton Smith. An election of officers resulted in Mrs. C. P. Marsh, being appointed president; Mrs. E. B. Lauman, first vice-president; Miss Edith Need, second vice-president; Miss Leona Keller, recording secretary; Miss Cora Williams, corresponding secretary; Mrs. Lena Chambliss, treasurer; Miss Helen Jones, assistant treasurer; Mrs. Charles Riddell, literary secretary and Mrs. E. INTERESTING TALK GIVEN BEFORE WOMEN'S BIBLE CLASS.

The quarterly meeting of the Women's Bible Class, of the First U. P. Church, taught by Mr. Frank Dean was held at the home of Mrs. Emma Magruder on North Detroit Street, Monday afternoon.

Mrs. George Wheeler presided at the meeting, the devotional exercises being in charge of Mrs. Adda Bailey. After a short business meeting, Miss Mary Ervin's world and national secretary of the L. T. L. of the W. C. T. U., occupied an hour.

She gave a vivid account of her recent seven week's tour in the New England states, principally Massachusetts, Connecticut and New Jersey. During her tour she spoke two and three times each day in fifty of the largest cities in the east. She was cordially received everywhere, and was greatly encouraged in her work. Miss Ervin also gave a graphic story of her visit to historical points, and combined amusement with instruction in her talk.

Cooling refreshments were served by Mrs. Magruder, the hostess, at the close of the meeting assisted by Mrs. Charles Ervin, Mrs. W. J. Cherry and Mrs. Jean Davidson Keeler.

TRINITY QUEEN ESTHERS HOLD "PROGRESSIVE PARTY"

Twenty-two young girls, members of the Queen Esther Society of Trinity M. E. Church, held a "progressive supper" Monday night. The group was first entertained at the home of Mrs. Frank Bickett, where a lawn party was enjoyed. The girls then adjourned to the home of Miss Katherine Eckerle' where a program on "Indian and Alaskan Missionary Work" was held. After the program an election of officers was held, Miss Henrietta Monroe, being elected president; Miss Jane Hayward, vice-president; Miss Elizabeth Bickett, treasurer; Miss Louise Hunt, corresponding secretary, and Miss Elizabeth Bales, recording secretary.

OFFICERS OF LAL BAGH SOCIETY ELECTED MONDAY

Mrs. John Ary was elected president of the Lal Bagh Missionary Society of Trinity M. E. Church, at the meeting held at the home of Mrs. William M. Wilson, on North King Street, Monday evening. Mrs. Clara Reutinger was elected vice president; Mrs. Lester Buell, secretary, and Mrs. Wilson Street, treasurer.

An interesting feature of the meeting was a talk by Mrs. D. W. Cosley, concerning her trip to Honolulu, last year. Many vivid accounts of the island were given by Mrs. Cosley, who was well received by the members of the society.

Refreshments were served by Mrs. Wilson, assisted by Miss Stella Bishop and Miss Etta Wilkins.

RECENT BRIDE HONORED AT SHOWER

Mrs. Pearl Linton and Miss Gladys Bales, were hostesses at a miscellaneous shower, given in honor of Mrs. Roy Pickering (Edith Bales) of Paintersville, Thursday afternoon at the home of Miss Bales.

About eighty friends and relatives were present and spent the afternoon enjoying music and writing recipes for the bride. Many beautiful gifts of silver, china, cut glass, and aluminum were received by Mrs. Pickering.

Decorations of pink and white were used the colors being carried out in the refreshment course.

GIVEN SURPRISE BY FRIENDS ON BIRTHDAY.

GERMAN WAR VET NOW AIDS FRENCH

Coblenz, June 6—The most interesting figure in Coblenz at present is a French second Lieutenant named Schaefer a native of Alsace-Lorraine, who was a sergeant of the Sixty-eighth German Infantry Regiment, with headquarters in Coblenz, before and during the war. Owing to his service with the German Telegraph Corps before the war he is thoroughly familiar with Coblenz and with the various circuits of both the telegraph and telephone.

Since the occupation of the telegraph and telephone offices here he has been the "big mogul" in ordering the disposition of the occupying troops, the locating of hidden materials and in ferreting out "sub rosa" wires to the outside. He is now as popular as yellow fever with the Coblenzers. Indeed, his name is on top of their "black list" he joined the French army in 1919.

THE SPIRIT THAT BUILDS CITIES.

Nearly two years ago about two dozen Titusville, Florida, business men organized a luncheon club. Once each week they would meet at lunch and talk over their business and the welfare of Titusville.

It was not very long before this luncheon club decided it would be advantageous to become a Rotary club. Accordingly they made application for a charter in Rotary International. Rotary officials investigated and turned them down flat. "Titusville," they said, "is too small to have a Rotary club."

This was discouraging but the members of the Titusville luncheon club were not the kind of men who give up at the first obstacle they meet. They kept plugging away, holding their regular meetings and doing those things which Rotary clubs are supposed to do. They met with great success in their boys work and in other undertakings.

This Titusville club was presented with a charter in Rotary International, and the president of the new Rotary club, W. B. Dobson, in one brief sentence told how they secured the charter: "They told us Titusville was too small for a Rotary club," he said, "and we just went out and made Titusville big enough."

They had something to do and they did it. That's the spirit that builds cities wherever there are cities. Organization and co-operation will work wonders anywhere. Add to that determination to work and never give up until the object desired is accomplished and the combination is unbeatable.

THE IMPRISONED I. W. W.

From the New York Herald.—Fifty-three Industrial Workers of the World are imprisoned in the Federal penitentiary at Leavenworth, Kansas, for conspiracy to violate the espionage act while the United States was at war. They have been represented to the public as "political prisoners" who were prosecuted and punished because of the opinions they held and because of their expression of those opinions and not because of criminal acts as such acts are generally understood.

A widespread and intelligently directed campaign has been carried on in their behalf, and by it many persons who have no sympathy with disloyalty have been induced to work for their freedom on the ground that they are unjustly confined. In fact, these fifty-three Industrial Workers of the World are by way of becoming martyrs.

These circumstances give a peculiar value to the clear and unprejudiced statement of the facts in the case of these prisoners made in a letter sent to President Harding by Judge Alton B. Parker, president of the National Civic Federation. This letter is based on the report of an original investigation made by the federation and it discloses the facts as they are in opposition to the myths that sentimentalists, radicals, near revolutionists and parlor reds have set afloat.

It is not the truth that these enemies of the nation are in prison merely because they expressed opinions; they are under lock and bolt because in their conspiracy to hamstring the country in the war they committed overt acts in violation of the law.

It is not the truth that they were tried in an atmosphere charged with prejudice; on the contrary, their rights were carefully protected during their trial. On their innocence of the charges against them being shown a number of the accused were released during its progress.

The National Civic Federation brings out one point which has been generally overlooked. It is that the reason the majority of the prisoners are still in the penitentiary is, in Judge Parker's words, that they "refuse to surrender their intention to undermine and destroy the peace and order of the community."

Judge Parker's temperate recital of the facts concerning the Industrial Workers of the World still in prison should clear away the obscurities and misunderstandings which misrepresentations have created in the minds of persons who want only justice, but want that justice for all. The imprisoned Industrial Workers of the World were sent to cells because they tried to destroy the government. When this is understood the attitude of President Harding in refusing to grant to these men the clemency their supporters seek for them will be understood and heartily supported by all patriotic Americans.

GETTING BEYOND CONTROL

1903--Twenty Years Ago--1923

The Pan Handle railroad company is arranging to take charge of its restaurants at the various stations West of Pittsburgh.

The commencement exercises of Central High School will be held Tuesday morning, June 16, in the Opera House and 27 young men and women will step into "life's school."

Mr. W. B. Bryson has gone to Monmouth, Ill., where he will attend the commencement exercises of the college.

The new McKinley School building was the scene of a delightful affair last night when the junior class of the Central High School gave a banquet and farewell reception to the seniors.

ANSWERED LETTERS

M. A. R.—The powders you have used must have contained something that disagreed with your very sensitive skin. Another time try plain rice flour without either a scent or coloring.

Troubled—A skilful chiropodist may be able to cure the bunion, as you are still so very young. There is very little that can be done if a bunion is allowed to grow for any note; for instance, too much starch time other than to relieve it from fats. Agar or just plain bran pressure and paint it with iodine whenever there is any soreness.

A Reader—Unless a corset or a girdle is needed to improve the appearance of the figure, there should be no reason why it should be worn.

Peggy—a girl of 15, five feet three inches, should weigh 110 pounds, the one who is an inch taller, at 18 years, should weigh 115 pounds.

The Chicago Hoy—The best hair brushes are those with the bristles an inch long and not woven too closely together. You seem to have a mistaken idea about removing dandruff from the scalp. Scraping it off by means of either a comb or a very stiff brush will only irritate the scalp and make it more unhealthy than if you left the dandruff alone.

Massage crude or olive oil into scalp some hours before shampoo (over night would be best) and when you shampoo the dandruff will be dislodged without any further effort. This oil treatment should also cure the tendency to dandruff.

Lassie—if the lump on the back of your neck fit fat you can get rid of it by massaging it.

Sai—When the hair splits on the ends and is also losing its color, you will generally find that the scalp is not secreting healthfully. Massage will improve this condition, aided by use of a good hair tonic several times each week.

Worried Ann—I will be glad to mail you a formula for freckles if you request it, but it cannot be printed at this time.

Motherless Girl—A girl of 19 years, who is six feet and a half inch tall, is not overweight at 132 pounds. It

would injure your hair and look artificial if you dyed the part that had become sunburned; moreover, you probably could not make it match the natural shade anyway.

Espanol—The preparations made from honey and almond are usually satisfactory for keeping the hands soft and white. The woman who eliminated sugar from her diet and did not lose weight may have eaten

too much starch. Agar or just plain bran taken with the meals will help to keep the system cleared.

Fat—if would take too much space to print a diet for reduction, but I will mail one if requested. There is an X-ray treatment for goiter, but it should not be allowed

for this way.

Mrs. W. E. A.—Consult your doctor about the condition of your scalp.

PESKY BED-BUGS

(Pesky Devils Quietus) P.D.Q. is the new chemical that puts the everlasting to the Pesky bedbugs, moths and roaches—impossible for the pesky devils to exist where P.D.Q. is used.

Recommendations for Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, easiest and most economical way of ridding the pesky devils is by the use of P.D.Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 5c package makes a full quart, enough to kill a million bedbugs, moths and roaches, and also contains a picture spoon to get the eggs nests in the hard-to-get-at-places and saves juice. P.D.Q. can also be purchased in sealed bottles double strength, liquid form.

GREENE COUNTY TO SELL ITS SHARE OF HOSPITAL TO CLARK

Unwillingness of Madison County Commissioners to sell that county's share in the District Tuberculosis Hospital at Springfield to Clark County, will not hold up the proposed sale of the other counties' interests, it is said here.

Following a meeting in Springfield last Thursday Greene County Commissioners voted Friday to sell this county's share in the district hospital to Clark County and similar action was taken by Madison and Champaign Counties, the other counties in the district. Since that decision was reached Madison County Commissioners have expressed themselves as unwilling to assume the responsibility of selling that county's share without the consent of the voters and taxpayers.

According to Prosecuting Attorney H. H. Crabb of Madison County, county officials there are planning a meeting of citizens at London at which the sanction of the taxpayers will be asked before that County takes definite action on the agreement to sell. Other Counties have taken the action to sell under the proviso that such a sale would be legal and that there would be no objection from health authorities.

Prosecutor Crabb of Madison County has held that patients now in the hospital from the Counties that are proposing to sell could be taken care of elsewhere and that money derived from the sale might be used for county hospital projects or health programs. Greene County Commissioners have been advised that Clark County Commissioners will agree to buy the holdings of outstanding counties although the board there has not reached a definite agreement to buy.

If Clark County Commissioners vote to buy the interests of Champaign, Greene and Madison Counties, and these counties are willing to sell, a board of appraisers will then be appointed to appraise the property and fix the amounts due each County from Clark County, the buyer.

Proposal of the counties to sell out to Clark County has grown out of financial difficulties of the hospital, unwillingness of some counties to pay their share of support, and an investigation which showed the institution to be in need of improvements. The Eagles Lodge has been backing a movement for a bond issue over the district to provide the necessary improvements and retain the hospital but counties outside of Clark are said to be unwilling to put further money into the institution.

Russell Kent Jones

Russell Kent Jones, infant son of Marion R. and Lucy K. Glenn Jones, was born in Xenia, Ohio, August 29, 1921, departed this life, May 21, 1923, aged 1 year 8 months and 22 days.

He leaves to mourn their loss, Father, Mother and one sister Norma Eileen, grandparents and a host of near relatives.

Being just a baby of only a few months, his life can be fittingly compared as a "Ray of Sunlight" brightening the home to which he came.

With the fondest hopes and expectations as of all loving parents for their children, this bereavement has come as a crash in this little home.

But, God, the Divine Giver of every good and perfect gift has deemed it best to claim his own and has added another jewel to his Heavenly Kingdom.

It isn't always given for us to understand the Will of God, but we are taught in His Word, that if we have an abiding Faith, we have the Hope and promise of an Eternal Life.

Dear parents as you look upon your precious little boy's face for the last time, may you feel in your hearts this yearning hope for a reunion in the Eternal Home where he has gone, and with beautiful baby hands is beckoning your coming to where all is peace and joy, and where grief and

THACHER'S GAVE MRS. TAYLOR NEW LIFE

Toledo Woman After Taking Dr. Thacher's Liver and Blood Syrup Feels Well and Strong for First Time in Three Years.

"It's a joy to feel well and strong again," said Mrs. George Taylor, of 424 Avondale Avenue, Toledo, recently.

I eat and sleep like a normal woman for the first time in three years. No one knows how happy I feel now that aches and pains are gone and I have the hopes of a new life.

"I had indigestion and constipation so bad that I was upset all the time and couldn't rest for a painful bloating feeling caused by food souring on my stomach. My liver was out of order and I was constipated, bilious, tired worn out because I could never get restful sleep and suffered from backache and kept falling off in weight. I was very nervous and worried and a friend told me that it would take years to make me well.

"I read one day about how others had taken Dr. Thacher's Liver and Blood Syrup and it seemed to be just the thing I needed. I improved on the first bottle, and now after taking four I am well. It is the most pleasant tonic I ever tried and I believe it is wonderful when you need something to purify the blood and cleanse the system."

Dr. Thacher's Liver and Blood Syrup is ideal for spring fever and is sold by G. O. Carpenter, Jamestown, Ohio.

sorrow is known no more, forever. We know not why he was taken away, but—

Some day all doubt and mystery will be made clear; the threatening clouds which now we see will disappear.

And looking back with clearer eyes over life's short span, we'll see with wondering glad surprise God's perfect plan.

SWALLOWS POISON NEAR RESIDENCE-MAN NEAR DEATH

Creighton Case, 36, of Hudson Avenue, is not expected to live after drinking a quantity of carbolic acid, Monday evening.

In the meantime, Case, who was arrested by police Monday night on an affidavit sworn out by Thorne Andrews, chief of police at the Hoover and Allison Company charging him with disorderly conduct, was released Tuesday morning by Chief of Police M. E. Graham and taken to the Hudson Avenue address.

Case is believed to have swallowed almost an ounce of the poison while sitting in an automobile near the residence on Hudson Avenue where he roomed, about 7:30 o'clock Monday evening and the alleged attempted suicide was not discovered until some time later. Dr. J. R. Moore, 331 East Market Street, was called and in the meantime first aid remedies were applied, but little hope was held for his recovery.

Case rallied Monday night when he was arrested on the affidavit charging him with disorderly conduct and was locked up at Police Headquarters under the belief that he was recovering from the effects of the poison. When his condition appeared serious Tuesday morning Dr. Paul D. Espay was summoned, and afterward Case was removed to his home. Friends can attribute no cause for the act, police were told. Case is employed in one of the rope mills and is said to have engaged in an altercation with a fellow employee Monday during which he is said to have drawn a revolver, which led to the disorderly conduct charge being filed against him. Friends do not believe the disturbance caused him to attempt suicide.

Case is single and has been rooming at the Hudson Avenue address for more than a year.

Bride Reader—"Is it all right to wash my bird's-eye maple dressing table with lake-warm water and a good white soap?"

Answer—Yes, a good varnished finish may be cleaned in this way.

Shades are much used in children's rooms. They delight the little ones,

although it is safer to add one tablespoon of turpentine and three tablespoons of linseed oil to every quart of the warm water you use. These fluids, mixed with the water, feed the varnish and prevent dryness and cracking. Change for a clean solution as often as it becomes solid, and wipe dry with a clean cloth.

A Hard Worker—"The varnish on my hardwood floors is in dreadful condition. My husband and I wish to remove it and put on a good spar varnish. But the commercial varnish-removers cost so much and we are wondering if there isn't anything cheaper that we can use."

Answer—Either potash or washing

soda solution will remove varnish and paint. These fluids are very caustic and injure the skin of the hands. To work with either of them, have the room well aired. Also cover your nose and mouth with a folded, dampened handkerchief. Leave the room while the varnish is softening. When it is soft, it may be removed by hot water put on and taken off with a mop and mop wringer (the hands cannot be used to wring the mop, as no glove will resist the caustic). To use the washing soda, dissolve one pound of it in five quarts of boiling water. To use the potash, dissolve one pound of it in six quarts of cold water.

Fancy-Worker—"I have heard about Umbrella Drop Lights. Can you describe one, as I have never seen one?"

Answer—The Umbrella Drop Light

HONOR BRINGS "HAMMER SLAYER" BACK

Mrs. Clara Phillips

Clara Phillips, alleged California "Hammer murderer," brought back to this country from Honduras to stand trial for the slaying of Alberta Meadows, has sacrificed her freedom for her honor, she declared. "I know people won't believe it," she sobbed. "but I am returning to life in a grim prison because I

thought more of my honor than of my freedom."

A high Honduran official, she added, had offered her freedom and safety if she would consent to become the mistress of his palatial mansion.

She told him that she

would rather be in a prison cell

in America. The "tiger woman" is confident of proving her innocence.

She told him that she was clever—yes, in some office, perhaps she was. But she is an ignoramus as far as anything that fits her for a wife in your position. She can't talk. She has no real poise."

Mrs. Crandell was speaking.

Natalie moved away. She had not intended to eavesdrop. But had stood as if glued to the stairs when she heard Horace's voice speaking of her, so had heard his mother's reply.

Now she crept softly up to her room. There she locked the door and threw herself on the bed in a paroxysm of dislike and unhappiness.

They had been talking in the library, the door ajar, and not heard her come in. She knew that what had happened the night before accounted for the conversation.

Mrs. Crandell had given a small dinner party. For the first time she had complimented Natalie on her appearance, and Natalie had gone down in a happy frame of mind. But several small mistakes, her inability to answer anything save "yes" or "no" to join in the conversation at the table had taken all happiness from her, and afterward in the drawing room it had been worse. One or two men had hung over her, entranced by her beauty, but the women had let her severely alone after one or two unsuccessful attempts to make small talk with her.

To her it was a foreign language. They asked if she played or sang, she told them no, she could not ride horseback, she did not play bridge or tennis. It was a long torture to her. And through it all she heard the gay repartee in which Horace joined flung back and forth without effort, repartee she didn't understand.

And now this!

Mrs. Crandell was trying to set Horace against her. But she was

all through dinner she was distract

so, she had been chagrined, mortified, and she was not the sort who easily forgets or forgives a social slight.

She was ashamed of Horace's wife.

Tomorrow Natalie envies Rita Davis

STOP BACKACHE, KIDNEY TROUBLE

Backache, Rheumatic Pains, dull headache, tired feeling, too frequent urination, discolored or strong odor are symptoms of kidney and bladder trouble.

"It was always having a backache which caused me great suffering," writes Mrs. Feber, Medford, Mass. "Could not sleep and at times

I could not stand straight. Tried Foley Kidney Pills and found relief."

THE MISFIT

By Jane Phelps

SYNOPSIS OF PRECEDING CHAPTERS

Natalie Horton, private secretary to a prominent lawyer, marries Horace Crandell, a wealthy bachelor. She is very lovely and a clever business girl. He is wealthy, aristocratic and lives with his widowed mother. The latter objects to Natalie, and insists Horace promise he will never leave her. After their honeymoon Horace takes Natalie to his mother's home, where she is allowed no part in its management.

Horace is indulgent and generous, but his mother claims all his evenings when at home, and he and Natalie never go out unless accompanied by her. Natalie is a stranger to their ways, is awkward and often embarrassed. Mrs. Crandell remains cold and unapproachable. Natalie never mistrusts part of it as a
